## CHRISTMAS 2009

A VERY "DOWN TO EARTH" CHRISTMAS...

ELEMENTARY MY DEAR HEVIN.....

A Christmas on the theme of the four elements, in perfect harmony with the "DOWN TO EARTH" theme central to the 2009/2010 collection.

**Earth**, with this table centre that provides us with a return to our roots. A hyper-realistic sculpture in pure chocolate, with lively balls of shiny, colorful chocolate filled with chocolate bonbons.

490g - 69€; 890g - 112€.

**Fire**, illustrated by a flaming log, warming and cheerful like a real log fire, with comic book graphics. Crispy, dacquois biscuit and dark chocolate orange mousse with yuzu jelly.

4/6 people: 32€; 6/8 people: 42€.

**Air** with a light log (obviously). Grab hold of it before it takes off, carried away by its chocolate balloons! It would be a pity to miss this biscuit and this delicious bitter chocolate mousse.

4/6 people: 32€; 6/8 people: 42€.

**Water**, with this "ice pack" log bristling with ice crystals like a royal crown. Beneath this sophisticated appearance hides a litchi and raspberry puree, a dacquois biscuit and a dark chocolate mousse.

4/6 people: 32€; 6/8 people: 42€.

An exercise in style on the four elements that doesn't forget that there's a fifth element that is essential to Jean Paul Hévin: PLEASURE...
